

# Campfire Girls

Billy Joe Royal

You better go join the Campfire Girls  
Take a few piano lessons  
Buy a little doll to have for your best friend  
Do all the things that little girls do  
Cause if you don't know how to be true  
You better go start over again

You said I was your only boy  
But you sure lead me wrong  
I found out you just played me for a fool  
Now don't you know it's wrong to lie and make the one who loves  
you cry  
I wonder where you missed the golden rule

You better go join the Campfire Girls  
Take a few piano lessons  
Buy a little doll to have for your best friend  
Do all the things that little girls do  
Cause if you don't know how to be true  
You better go start over again

I thought you knew like everyone that love's a sacred thing  
And not a game to play with every boy  
But you thought it was funny  
When you put me down for him  
To you my heart was just another toy

You better go join the Campfire Girls  
Take a few piano lessons  
Buy a little doll to have for your best friend  
Do all the things that little girls do  
Cause if you don't know how to be true  
You better go start over again
