

Look What You've Done To My Heart

Billy Joe Royal

Look what you've done to my heart
You ran into it in the dark
I'm sure you've done some damage
'Cause it's fallen all apart
Look what you've done to my heart

Look at the shape that it's in
Notice how it skips now and then
And every beat it's missin'
Just needs you to start
Look what you've done to my heart

I never dreamed that I would know love
Lose my head and fall so hard
I never thought that it would show up
But here you are
And look what you've done to my heart

Fell how my hands need your touch
They never needed anyone's so much
My soul could be on fire
It's just waiting for your spark
Look what you've done to my heart

Yeah, my soul could be on fire
It's just waiting for your spark
Look what you're doing to my heart
