

# All About Soul

Billy Joel

She waits for me at night, she waits for me in silence  
She gives me all her tenderness and takes away my pain  
And so far she hasn't run, though I swear she's had her moments  
She still believes in miracles while others cry in vain

It's all about soul  
It's all about faith and a deeper devotion  
It's all about soul  
'Cause under the love is a stronger emotion  
She's got to be strong  
'Cause so many things getting out of control  
Should drive her away  
So why does she stay?  
It's all about soul

She turns to me sometimes and asks me what I'm dreaming  
And I realize I must have gone a million miles away  
And I ask her how she knew to reach out for me that moment  
AND she smiles because it's understood there are no words to say

It's all about soul  
It's all about knowing what someone is feeling  
The woman's got soul  
The power of love and the power of healing  
This life isn't fair  
It's gonna get dark, it's gonna get cold  
You've got to be tough, but that ain't enough  
It's all about soul

There are people who have lost every trace of human kindness  
There are many who have fallen, there are some who still survive  
She comes to me at night and she tells me her desires  
And she gives me all the love I need to keep my faith alive

It's all about soul  
It's all about joy that comes out of sorrow  
It's all about soul  
Who's standing now and who's standing tomorrow  
You've got to be hard  
Hard as the rock in that old rock 'n' roll song  
But that's only part, you know in your heart  
It's all about soul
