Well so here I am at the end of the road Where do I go from here? I always figured it would be like this Still nothing seems to be quite clear

All the words have been spoken and the prophecy fulfilled But I just can't decide where to go
Yes, it's been quite a day and I should go to sleep
But tomorrow I will wake up and I'll know

That I've got to begin again Though I don't know how start Yes, I've got to begin again And it's hard

Well it's been quite a while since I lifted my head And I'm sure the light will hurt my eyes I see the way that I been spendin' my days And reality has caught me by surprise

I was dreamin' of tomorrow so I sacrificed today
And it sure was a grand waste of time
And despite all the truth that's been thrown in my face
I just can't get you out of my mind

That I've got to begin again Though I don't know how start Yes, I've got to begin again And it's hard
