

## Half a Mile Away

Billy Joel

Little Geo is a friend of mine  
We get some money and we buy a cheap wine  
Sit on the corner and have a holiday  
Hide the bottle when the cop goes by  
Talk about women and lie, lie, lie  
Oh, my other world is just a half a mile away

Wait for mamma to turn out the light  
Crawl on the the roof and then hit the night  
I should be sleeping but tonight I just can't stay  
I've given everybody so much time  
Now I need a moment that's mine  
Oh my other world is just a half a mile away

It's just a half a mile away

Angelina save a place for me  
I've been livin' someone else's life and now I've got to be free  
Turn your transistor on and let the music play  
I try to keep the family satisfied  
But there's gotta be more to life than just try, try, try  
Oh my other world is just a half a mile away

It's just a half a mile away
