

# I Love You This Much

Billy Ray Cyrus

He didn't have the answers  
To half the questions his son ask him  
A child's mind is a curious thing  
But when his son hugged him and said Dad  
You know I love you  
How much do you love me  
Daddy didn't have to think

With his arms open wide  
Just as far as they could go  
He said as far as I can reach  
Is not enough to show  
I would give my life for you  
You are my flesh and blood  
I love you this much

She stood there crying  
Broken-hearted  
Looking up at Him  
And said why are You doing this  
He looks down at her wanting to hold her  
And wipe her tears away  
He has to leave and that's the way it is  
She gave her son one last kiss

With her arms open wide  
Just as far as they could go  
She said as far as I can reach  
Is not enough to show  
I would give my life for You  
You are my flesh and blood  
I love You this much

And they raised his broken body above the crowd  
Drove in the nails as the rain came down

With His arms open wide  
Just as far as they could go  
He said as far as I can reach  
Is not enough to show  
I would give my life for you  
You are my flesh and blood  
I love you this much

I love you this much
