

# I Will

Billy Ray Cyrus

I will crawl through your grief, I will cry 'til I drown  
Cut a path through your dark 'til I'm lost and you're found  
Turn your black into gray, I won't hurt when I bleed  
I'll give up my desire 'til you get what you need, yeah

Ask me I'll be there, whenever you fall  
To do anything, everything, nothing at all  
I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go or make me give up  
'Cause I love you that much  
And I will  
It'll kill me, but I will

I'll never say that I know how you feel  
But I know in your heart that those demons are real  
So don't push me out and I won't pull you in  
I won't let lose if you'll let me win

Ask me I'll be there, whenever you fall  
To do anything, everything, nothing at all  
I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go or make me give up  
'Cause I love you that much  
And I will  
It'll kill me, but I will  
Baby I will

If you can just look past your fears  
You'll see me standing right there

Ask me I'll be there, whenever you fall  
To do anything, everything, nothing at all  
I'll move any mountain that keeps you from me  
I'll change, rearrange, disappear in your dreams

Please don't ask me to let go or make me give up  
'Cause I love you that much  
And I will  
It'll kill me, but I will  
Baby I will

Baby I will  
Baby I will  
Baby I will
