

# Like Nothing Else

Billy Ray Cyrus

Sometimes I catch myself staring  
When you don't know I'm looking  
Still can't believe how lucky I got  
Everywhere I look I see a lot  
Of the same old same thing  
Baby you were different from the start  
I thank God each day that  
I get to hold an original

Baby you're like nothing else  
The closer I get  
The more I can tell  
I can look on my life  
And never find a woman like you  
Your smile, your eyes  
Your touch, your kiss  
They're all like fingerprints  
You're one of a kind  
Yeah a moment in time  
You're like nothing else

The way you talk  
The way you think  
The way you love me crazy  
The way you get to me  
Like no one has before  
You could get away with murder  
When you look at me that way  
When I think I've seen it all  
You show me more  
When you get this close  
It's easy to know the difference

Baby you're like nothing else  
The closer I get  
The more I can tell  
I can look on my life  
And never find a woman like you  
Your smile, your eyes  
Your touch, your kiss  
They're all like fingerprints  
You're one of a kind  
Yeah a moment in time  
You're like nothing else

Baby you're like nothing else  
The closer I get  
The more I can tell  
I can look on my life  
And never find a woman like you  
Your smile, your eyes  
Your touch, your kiss  
They're all like fingerprints  
You're one of a kind  
Yeah a moment in time  
You're like nothing else

You're like nothing else  
You're like nothing else  
You're like nothing else

Whoah, you're like nothing else
