

Calley Oh

Billy Squier

I thought I knew the Story.
I thought I'd seen it all
Those days of love and glory.
But now I hear you call

Calley Oh
See there's nowhere to hide
Calley Oh
I can feel you inside
Don't you know
That I can't hold back
I keep on coming after you

You never compromise me.
You never find it hard
You never recognize me.
You throw me off my guard

Calley Oh
With the roads that you pave
Calley Oh
You can have it your way
Don't you know
That I can't hold back
I keep on coming after you

I go chasing moonshine racing you may wonder why
If I find my true love ever
I will never
I will never say good bye

I'm past the point of caring.
It's just your point of view
I'm Past the point of sharing.
I gave it all to you

Calley Oh
You can see thru my eyes
Calley Oh
You could never disguise
What you know ... That I can't hold back
I keep on coming after you
Calley Oh
You're my nights and my days
Calley Oh
Finding my way
Don't You know that I can't hold back
I keep on coming after you.
