

Fall For Love

Billy Squier

You know sometimes I wake up in the middle of the night...
And I get to thinkin' about all the crazy things we do in life
just to get by...
And somehow somethin' always seems to escape me...
And I find myself holdin' on to nothin' more than a dream...
And it keeps hauntin' me...over and over and over again...

In a darkened sky of blue I'm thinkin' of you...
As the pieces come unglued I'm reachin' for you
Love can change the days in your life
Heartbeats and whispers in the dead of night
The sound of a hand the touch of an eye
Visions are callin' that you can't deny

And I fall for love

So every day I'm out on the streets tryin' to make some sense o
f it...
You know sometimes it feels so close that I can almost reach ou
t...
But it always slips away...
I keep tellin' myself..."I can't stop tryin not ever"

'Til I see that dream come true baby with you
If it's the final thing I do I'm waitin' for you...
Loneliness and love will collide
The body's breakin' but the spirit's alive
And just when you think it's all been a lie
Visions are callin' and you never can deny

And I fall for love

I'm gonna keep on tryin
