

# Learn How To Live

Billy Squier

You got a lot to learn  
You play in the fire  
You might get burned  
You gotta sacrifice

You're playin' the victim  
Of your own device  
You try to understand  
The comb in the ashes  
Isn't what you planned

You, it gets you every time  
You're chasin' the visions  
They're nowhere to find

Learn how to give  
Learn how to take  
Learn how to live  
Before it's too late

You got the restless eyes  
They turn to distraction

There's no compromise  
You gotta take some time

And fight for the answers  
They're hard to find  
You now don'tcha fantasize  
Start makin' your chances materialize

Learn how to bend, learn how to break  
Learn how to mend broken heartaches  
Learn to forgive, learn how to wait  
Learn how to live before it's too late

Run from the light  
And you lock all your doors  
It's harder to fight  
When you've gone down before

The scene's 're so right  
But they play out so wrong  
So into the night it goes on  
And on and on and on and on
