

Lovin' You Ain't So Hard

Billy Squier

Oh it's all clear to me now
Oh, oh-oh...it all comes through to me now

Sleep-walkin' through a frozen dream
Wakin' up from a fantasy
Where happiness got the best of me
Those dreams only go so far
Some people have a place inside
Where you can run, but you just can't hide
'Til one fine day I pushed my fears aside

'Cause lovin' you ain't so hard
Lovin' you ain't so hard
Turn on your light...now I won't go far
'Cause lovin' you ain't so hard

Love...it's not easy to know
Sometimes...it's so hard to let go

Many times I tried to walk away
Listened long to what my friends would say
Only to find out at the end of the day
They'd taken me just so far
No more wanderin'...I'm almost home
Only a fool would walk this earth alone
When he could have your smile to call his own

Now lovin' you ain't so hard
Lovin' you ain't so hard
Turn off your light...now I won't get far
'Cause lovin' you ain't so hard
Lovin' you ain't so hard

You cast your light out of the shadows
You spread your light in front of me
You cast your light out of the shadows
Shadow me

Lovin' you ain't so hard
Lovin' you ain't so hard
Turn on your light...now I won't go far
'Cause lovin' you ain't so hard
Lovin' you ain't so hard
Turn off your light...now I won't get far
'Cause loving you ain't so hard
Lovin' you ain't so hard
Lovin' you ain't so hard
Lovin' you ain't so hard
