

She Goes Down

Billy Squier

She goes down
She walks into your life so effortlessly
Makes you swallow...she go down

She make you look she's trouble boy, oh yea
She'll take your life into her hands, oh yea

She goes down she never gets enough
She goes down she never gives it up

She laughs at all the things you pretend to be
You're a gone boy she's the one

She got the look she's soul attraction
She'll lead you out across the line
She got the love that comes in colors
She got the touch that's hard to find

She wrote the book spells trouble boy, oh yea
Run for your life she'll make your plans, oh yea

She goes down--she never gets enough
She goes down--she'll never give it up
Cause she makes you...she go down
Say she'll take you ...she go down

She acts out all your dreams--she'll be your fantasy
You're a schoolboy in her arms and she'll teach you
She got the love that comes in colors
She got a touch that's hard to find
She got the gun she's got the power
She'll shoot it up do you dare to try

She makes you she go down
And she'll break you...stick around

She goes down she never gets enough
She goes down she never gets enough
She goes down she'll never let you up
And she'll take you she goes down
And she'll make you she goes down
