

# Shocked Straight

Billy Squier

And so the knife comes down...another curtain falls  
And no one hears the sound...and no one takes the call  
From me and my anxiety...locked up in these four walls

I come to you now I'm alone...with my defenses down  
I tell you everything I need...I get down on the ground  
I always know that when I go...that I'll be back again

Shocked straight--doctor can you get my medicine  
Shocked straight--doctor can't you see the shape I'm in  
Shocked straight--doctor when you gonna let me in

If I could listen to my mind...and keep the world outside my do  
or...  
But time has opened up my eyes and shown me somethin' more  
Now all I want is to be free...and get up off the floor

Why can't you look into my heart...  
Why can't you ever let me know  
You're always takin' me apart...you're never lettin' go  
There's always somethin' on your mind...  
This ain't reality

Shocked straight--doctor can you get my medicine  
Shocked straight--doctor can't you see the shape I'm in  
Shocked straight--doctor when you gonna let me in

Why you be so hard  
Why you be so hard  
Why you be so hard

I know it's gonna take some time...for me to straighten out my  
head  
To say what's on my mind...to hear those words I said  
And while I'm tryin' to learn to feel...  
You keep on tellin' me...

Shocked straight--doctor can you get my medicine  
Shocked straight--doctor can't you see the shape I'm in  
Shocked straight--doctor when you gonna let me in  
Shocked straight...  
Shocked straight...  
Shocked straight...when you gonna let me in  
Why you be so hard  
Why you be so hard  
Why you be so hard
