

Secret Love

Billy Stewart

Dreams of love
My secret is with you
I think of how our love could be
But all my friends say I'm a fool
I don't care
What People have to say
Whenever I can I'll be there for you
I am sure I'll find a way

Chorus:

Whatever you do don't break my heart
Wherever you go we'll never part
'Cause I know our love is strong enough
And you'll always be my secret love

You and I
It's like the book of love
I must of read a thousand pages
But it seems it's not enough
I wish I, Could give the world to you
And when I see a falling star
Then I will make that wish come true

Chorus

Outta luck, outta hand
Make me understand
Baby please
All I need, is to see what it takes
For me to win all of your love
