## **Secret Love**

Dreams of love My secret is with you I think of how our love could be But all my friends say I'm a fool I don't care What People have to say Whenever I can I'll be there for you I am sure I'll find a way

Chorus: Whatever you do don't break my heart Wherever you go we'll never part 'Cause I know our love is strong enough And you'll always be my secret love

You and I It's like the book of love I must of read a thousand pages But it seems it's not enough I wish I, Could give the world to you And when I see a falling star Then I will make that wish come true

Chorus

Outta luck, outta hand Make me understand Baby please All I need, is to see what it takes For me to win all of your love
