

# Louder Than the DJ

Billy Talent

The party's over call it a night  
I hope you had the time of your life  
They say that Rock will never survive  
It's up to youth to keep her alive  
And I don't know whats making you tick  
Generation Narcissistic  
Little Miss selfie and lonely boy Slick  
It's time you got a brand new fix baby

Louder, Louder, Louder than the DJ.  
Louder, Louder, Louder than the DJ.  
Faster, Faster, Faster than the Air Waves.  
Louder, Louder, Louder than the DJ.  
Louder than the DJ!  
Louder than the DJ!

We surfed until the end of the set  
Our leather jackets covered in sweat  
Those glory days, they ain't over yet  
So light that torch and burn like a jet  
Cause revolution starts on the mic  
Strike three chords that cut like a knife  
Radio needs a shot to the vein  
Of Anger, Fury, Heartache, and Pain baby

Louder, Louder, Louder than the DJ.  
Louder, Louder, Louder than the DJ.  
Faster, Faster, Faster than the Air Waves.  
Louder, Louder, Louder than the DJ.

Someone said a long time ago  
Rock and Roll will never grow old  
Shes still got the fire left in her bones  
The lights go down, the crowd explodes

Louder than the DJ!  
Louder than the DJ!  
Louder than the DJ!  
Louder than the DJ!

Louder than the DJ!  
Louder than the DJ!  
Louder than the DJ!  
Louder than the DJ!

Someone said a long time ago  
Rock and Roll will never grow old  
Shes still got the fire left in her bones  
And we're not gonna pack up and go cause we're

Louder, Louder, Louder than the DJ.  
Louder, Louder, Louder than the DJ.  
Louder, Louder, Louder than the DJ.  
She'll be back some day I know baby

Louder, Louder, Louder than the DJ.  
Louder, Louder, Louder than the DJ.

Faster, Faster, Faster than the Air Waves.  
Louder, Louder, Louder than the DJ.

Someone said a long time ago  
Rock and Roll will never grow old  
Shes still got the fire left in her bones  
The lights go down, the crowd explodes

(Your momma's new car is)  
Louder than the DJ!  
(And Ian's guitar is)  
Louder than the DJ!  
(The babe at the bar is)  
Louder than the DJ!  
(Gonna change who you are)  
Louder than the DJ!!
