

Square Root of Me

Billy Talent

I used to be a little one,
But now I'm big and strong,
Cause I used to eat my greens,
I used to get the snot beaten right outta me,
Then I'd go on home and scream,
I'll fight you for everything you offer me,
I'll fight you for everything that you say to me,
I'll fight you for everything you offer me and all your condesc
ending ways,
Because you're disrespecting me,
Oh, I feel this way today,
I like you anyway.
