

## Give Back My Heart

**Billy Walker**

Give back my heart for our love is over  
The love I gave you was a love that was true not a lie  
Give back my heart female Casanova  
You made the game of our love a plaything of our love so goodbye  
e  
But I still love you though and I'll miss you I know that's for  
certain  
But it's no life to live with all you do is give and get back i  
n return all this hurtin'  
Go your way it's best that we're apart  
Find yourself a new love I'll find me a true love give back my  
heart
