

Give Back My Heart

Billy Walker

Give back my heart for our love is over
The love I gave you was a love that was true not a lie
Give back my heart female Casanova
You made the game of our love a plaything of our love so goodbye
e
But I still love you though and I'll miss you I know that's for
certain
But it's no life to live with all you do is give and get back i
n return all this hurtin'
Go your way it's best that we're apart
Find yourself a new love I'll find me a true love give back my
heart
