

# I Call It Heaven

**Billy Walker**

[ duet with Ray Price ]  
They call me a fool and say it won't last  
That you'll break my heart like the ones in your past  
They're calling you wild you'll never be true but I call it heaven just being with you  
Perhaps I should listen perhaps I'm not smart  
But I take my chances and follow my heart  
They call this a game you'll leave me some day but I call it heaven don't take it away  
[ steel ]  
Perhaps I should listen...
