

It's Me Not Them

Billy Walker

It's easy for them to say forget you for it's me not them who loves you so
And I should leave when you do the things you do
For it's me not them who miss you so
I'm a fool for you I'll agree and if anyone gets her it won't be them it'll be me
For they don't know how I feel when I'm holding you for it's me not them it's happening to
Yes they don't know how I feel when I'm holding you for it's me not them it's happening to
