

# You Can Talk Me Out Of Anything

**Billy Walker**

You can talk me out of anything  
And I'll be satisfied with what you do  
Just remember that our love's a precious thing  
And don't try to talk me out of loving you

'Cause my love is deeper  
My love is steeper than anything this world has ever knew  
Take my heart my soul, my kisses too  
You can talk me out of anything but you

'Cause my love is deeper  
My love is steeper than anything this world has ever knew  
Take my heart my soul, my kisses too  
You can talk me out of anything but you
