

## Looks Like a Cold, Cold Winter

**Bing Crosby**

Looks like a cold, cold winter  
Plenty of ice & snow  
But we'll keep the love light in our hearts aglow

Looks like a long, long winter  
Baby what do we care  
As long as we have this love of ours to share  
It's gonna be cold outside  
It's gonna be warm inside  
So we'll cuddle up by a cozy fire side by side

Looks like a cold, cold winter  
Summer is far away  
Until then I'll love you more & more each day  
Gonna keep you warm until winter goes away
