

Don't Say Goodbye, Say Goodnight

Binocular

I lie awake and feel your nearness I never wanted more than this

I don't wanna run beneath your tears

I don't wanna catch them when they're falling

But it's the same old song playing over and over

But now I lie upon my face and though we tried

I guess that's the way it's supposed to be

Don't say goodbye say goodnight so it's not over

And if you try and answer why it's just over it's goodbye

I hope to see the dawn of daybreak

And the sun rise to cloudless skies

And now I've tried to see the truth but I close my eyes

And you were there for me and I was there for you

Don't say goodbye say goodnight so it's not over

And if you try and answer why it's just over it's goodbye

But now I lie upon my face and though we tried

I guess that's the way it's supposed to be

Don't say goodbye say goodnight so it's not over

And if you try and answer why it's just over it's goodbye

It's goodbye
