

## Trap

Biohazard

Those who will not use their brains are no better off than those who have no brains  
so this mindless school of jellyfish become a useful beast of burden

I can't get this fucking feeling outta my head  
You've gone and pushed me too far now I wish you dead  
Faith was something that I used to have  
But time has covered all the innocence with lies

PUSHING, PULLING, DO THIS, DO THAT  
WOULD'VE KNOWN WHAT I KNOW NOW, IT'S A TRAP

Rape and take from me what I make  
For you it's a job, for me a mistake  
Machines are made to destroy all that's sane  
I'll never forget you or your fucking name

I can't take this no more, it's time that I hunt you down and kill you

I've taken this as far as I'm gonna take it  
You get in my face, I'll fucking kill you  
Stay outta my way, let me be alone  
Get out of my life, I don't need you

I've taken this as far as I'm gonna take it  
I'm gonna find a way to fucking kill you  
You pushed and pushed and pushed me over the edge  
Now I'm searchin for a way to have you fuckin head  
Watch the life flow from your veins as I get hard  
Think of all the pain you caused me as I discharge  
My blood is pumping fast through the heart that you scarred  
As the bodies of my enemies float on by

Now I've got this picture floating in head, you lying in front of me covered in red  
Satisfaction from all I've achieved, the smell of your rotting flesh, I heave
