It's the New Orleans finest BIATCH!

I'm a worldwide rider with that Gucci and Prada shit

Look like I got to uplift my Prada, get a few dollars, holla at a model

Nigga if it ain't money it can't beat me

That platinum from the neck, wrists, finger, and teeth

But I'm so so cool and I'm so so ooh

Get outta line watch me bust my 2

I ran out the house and I ran in the building

Them people was comin, "Hands up!" ya feel me

I'm the bird of the nest

The shark of the sea

Hungry dog on the concrete that's tryin' to eat

Nobody move me cause I be who I be

The Uptown rider, the home CMB

I get what I want when I want I could have it

Lexus, Bentley, and the Jag nothin' average

Never got married but I'm lovin' Ms. Gladius

Birdlady in that brand new Caddy

I'm a boss nigga

Nothin' less, two boats no cost nigga

Fly nigga hold your hearts nigga

That what Daddy told you, Mommy told you

I stand my grounds, be a man homie

No quarters no halves, with them wholes thang

"Fuck it, pitch in nigga!" and don't fuck with them chickens man

Flip whatever: cars, rims, and bucks

Live this life like you don't give a fuck nigga

Do a doughnut, swing around, and come around the corner

Change feathers twice, come back with the homies

That fly shit, that Prada and Gucci sheets

Feather to the floor with swine on her feets

Bezel that glow with the 9 on the seats

And whether thats snow or white mink on me

See I'm hustlin' leathers and I'm chasin' cheddars

That's Eminem's bitch, it gets no better

With the wide D-lips with the custom leather
And I ball like a dawg Hood Rich forever
See I'm iced all up with that chrome metal
Fully equipped with the Coogi sweater
But it's the Birdman daddy, I run with the bird game
Birds got to have it with my birdy change
