

# Lifted

Birdy

Closing  
Keep my (eyes from), closing  
Keep my (eyes from), closing  
Keep my (eyes from), closing  
Closing

Bound to this lonely road  
You gave me hope, gave me hope  
Woke my drifting soul  
And led me home, led me home

Won't you just stay here  
Chase away my fears  
Solve my mysteries  
Won't you just stay here  
Chase away my fears  
Set my spirit free

Won't you lead the way  
Through my darker days  
Keep them softly spoken (Keep them softly spoken)  
Show me the way  
To a brighter place  
Keep my eyes from closing (Keep my eyes from closing)

Ooh, lifted away from my demons (yeah, yeah, yeah, yeah)  
Ooh, lifted away from my secrets (yeah, yeah, yeah, yeah)

Closing  
Keep my (eyes from), closing  
Keep my (eyes from), closing  
Keep my (eyes from)

Hold my heavy bones  
They weigh me down, weigh me down  
Held by a single thread  
When you are gone, when you're gone

Won't you just stay here  
Chase away my fears  
Solve my mysteries

Won't you lead the way  
Through my darker days  
Keep them softly spoken (Keep them softly spoken)  
Show me the way  
To a brighter place  
Keep my eyes from closing (Keep my eyes from closing)

Ooh, lifted away from my demons (yeah, yeah, yeah, yeah)  
Ooh, lifted away from my secrets (yeah, yeah, yeah, yeah)

And if they start to fade  
I will keep you safe  
Like you do  
And if you feel afraid  
I will keep your faith

Like you do, ooh

Won't you lead the way  
Through my darker days  
Keep them softly spoken (Keep them softly spoken)  
Show me the way  
To a brighter place  
Keep my eyes from closing (Keep my eyes from closing)

Ooh, lifted away from my demons (yeah, yeah, yeah, yeah)  
Ooh, lifted away from my secrets (yeah, yeah, yeah, yeah)  
(Yeah, yeah, yeah, yeah)
