Shelter

I find shelter in this way Under cover, hide away Can you hear when I say I have never felt this way

Maybe I had said something that was wrong Can I make it better with the lights turned on Maybe I had said something that was wrong Can I make it better with the lights turned on

Could I be, was I there It felt so crystal in the air I still want to drown whenever you leave Please teach me gently how to breathe

And I'll cross oceans like never before So you can feel the way I feel it Too And I'll send images back at you So you can see the way I feel it too

Maybe I had said something that was wrong Can I make it better with the lights turned on Maybe I had said something that was wrong Can I make it better with the lights turned on

Maybe I had said something that was wrong Can I make it better with the lights turned on Maybe I had said something that was wrong Can I make it better with the lights turned on

Maybe I had said something that was wrong
