## Silhouette

There are shadows in my dreams Storms that send me out of reach And you just wait on my defeat So I built an army underneath And now they guard me while I sleep This worn-out frame will carry me

Don't go holding your breath You know that I'm not done yet There's still a fight in me left Don't go shouting out loud That you're claiming the crown I'm down but not out

And the bittersweet of every new defeat Is I'm stronger than before May be on my knees, but I still believe These broken wings will soar

Untie my silhouette, It's all that is left of a broken heart Leave all of my regrets to sink like shipwrecks Through oceans dark

In the dust, I wrote my name And from the ruins, hopes were raised 'Cause all that's lost Can be replaced in time

Don't go holding your breath You know that I'm not done yet There's still a fight in me left Don't go shouting out loud That you're claiming the crown I'm down but not out

And the bittersweet of every new defeat Is I'm stronger than before May be on my knees, but I still believe These broken wings will soar

Untie my silhouette, It's all that is left of a broken heart Leave all of my regrets to sink like shipwrecks Through oceans dark

Oh-oh, oh-oh-oh Oh-oh, oh-oh-oh Oh-oh, oh-oh-oh Oh-oh, oh-oh-oh Oh-oh, oh-oh-oh
