Take My Heart

Fallen so far Said you'd watch over my heart Your love was so real Too late to forget how you made me feel

Tell me what I was supposed to believe Held me so close I could hardly breathe And now I can't find how to let you go You were mine but you've grown so cold

Say it's all in my head I remember when you said "I'll never let you go" Held me in the dark Sheltered as you took my heart I could never let you go, ooh Say it's all in my head Remember when you said "I'll never let you go" Oh, hold me in the dark Sheltered as you take my heart Take my heart

Kiss me, pretend Tell me all your love lies again Cast your shadows Like how you said you'd catch me but let me go

You said I could have been free if I wanted to I know you could see I was lost in you Said you'd let me be if I wanted you to And I know you'll leave but I don't want you to

Say it's all in my head I remember when you said "I'll never let you go" Held me in the dark Sheltered as you took my heart I could never let you go, ooh Say it's all in my head Remember when you said "I'll never let you go" Oh, hold me in the dark Sheltered as you take my heart Take my heart

So take my heart for your love I'll let you break apart every piece of me So take my heart, it's all that's left

(Take my heart)

Say it's all in my head I remember what you said Hold me in the dark Sheltered as you take my heart Take my heart²
