Beats At The Office

Your beats are at the office, sir Your beats are at the office, sir

Sit upstairs in the leather chair You talk to people and pretend to care It's no good working for the company When resisting power comes naturally

'Cause there's one thing I know for One thing I know for sure and that's you There's one thing I know for One thing I know for sure, I got that feeling

I don't want to be a high-fly, no mind (Your beats are at the office, sir) Look right, skin tight (Your beats are at the office, sir) High, dry, tough guy (Your beats are at the office, sir) White line, feels fine (Your beats are at the office, sir)

Don't want responsibility Just ask that girl sitting next to me She works alone where nobody's near And she's making music like you'd never hear

'Cause there's one thing I know for One thing I know for sure and that's you There's one thing I know for One thing I know for sure, I got that feeling

I don't want to be a high-fly, no mind (Your beats are at the office, sir) Look right, skin tight (Your beats are at the office, sir) High, dry, tough guy (Your beats are at the office, sir) White line, feels fine (Your beats are at the office, sir)

Programming is my one outlet It beats the sickness in my chest I have these beats inside my head Back to the office block instead

Your beats are at the office, sir

High-fly, no mind
(Your beats are at the office, sir)
Look right, skin tight
(Your beats are at the office, sir)
High, dry, tough guy
(Your beats are at the office, sir)

White line, feels fine (Your beats are at the office, sir) Your beats are at the office, sir Your beats are at the office, sir Your beats are at the office, sir
