

Dance to the Disco Beat

Bis

Where's the disco?
Come on girls and give it a shot
Us boys will always come out on top
Who will be the disco queen?
While disco kings are all I've seen
Come on soon we'll give you the beat
So we can see the best dancing feet
And we can find a disco whizz
So here's a chorus by the pop group bis

You've got to dance to the disco beat
You've got to dance with the disco feet

Thank you all for dancing well
Yeah, all you kids are really swell
But life goes on and time get's thinner
Who's going to be our lucky winner
Girl number six is just the best
No boy number eight; let's have a test
We will give you all a second go
So get ready again to dance for...

You've got to dance to the disco beat
You've got to dance with the disco feet

I eat hot coal

You've got to dance to the disco beat
You've got to dance with the disco feet
