

Dinosaur Germs

Bis

We got submissive society
We got a dinosaur monopoly
And all their germs infecting me
We got stars charisma free

We got a passive mentality
Worship the safe, abhor the unique
And never stop to ask the questions

Hi-fi, lo-fi, sci-fis my fi
Don't you know that you've got
Dinosaur germs.

We thought dinosaurs were extinct
But now we know that yr the missing link
It hurts the head when it has to think
No more excuses, take the rest

But you forgot to take what is best
With all respect, this is not a test
And never stop to ask the questions

Hi-fi, lo-fi

Uh, over and out, yeah, okay
