

I'll Get You Back

Bis

Ten years in prison, out for revenge
Pretend I'm straight and get a wife
Track down my victim and follow them
Find out when they're alone and shoot 'em dead

Don't frame me 'cause I'll get back, I will

I'm gonna get a disguise, you won't know me
Mustache and glasses look pretty
I'll buy you presents and charm you well
You'll fall for me and fall down dead

Don't frame me 'cause I'll get back, I will
