## I'll Get You Back

Ten years in prison, out for revenge Pretend I'm straight and get a wife Track down my victim and follow them Find out when they're alone and shoot 'em dead

Don't frame me 'cause I'll get back, I will

I'm gonna get a disguise, you won't know me Mustache and glasses look pretty I'll buy you presents and charm you well You'll fall for me and fall down dead

Don't frame me 'cause I'll get back, I will
