You wanna slogan? Eat my insurrection
You wanna slogan? Sugar-pop confection
You wanna slogan? I'm your riot girlboyfriend
You wanna slogan? Revolt, offend

The fibretip is our weapon, yeah, it's your lesson
The Teen-C kids in the hall, we scrawl on walls
And we adore your densation, yeah, yeah, false transmission
Ink-mark your heart with precision

It's cool, it's cool, it's cool, cool, cool
It's cool, cool, cool for you
Ninja hi skool

You wanna slogan? We don't need your lectures
You wanna slogan? Make our own conjectures
You wanna slogan? We don't need no teachers
You wanna slogan? No ugly creature-features

Graffiti'd skin tastes better, yeah it says in our letter
And we go straight to your neck, yeah, we love to infect
And pen just sticks to your throat but chalk will stick to your
coat
Ink-pen's our closest friend
