

# Plastik People

**Bis**

Hey plastik people you're the stars of the screen  
Seen you posing in your magazines  
Watch your movements so synchronized  
Can't avoid you on a friday night

Ooh oh oh the plastik people  
So synchronized

Hey t.v man says you'll go far  
You got a record deal, a new sports car  
What's the matter with yr plastik face  
Have you got a hair out of place?

Ooh oh oh the plastik people  
So synchronized

Ooh oh oh the plastik people  
On a friday night

Ooh oh oh the plastik people
