

Feel On It

Bishop Lamont

Ay miss I like what you doin
How you wiggle your little middle when you be movin
Nah don't pop, lock, and drop it
Pop that squat wide open so I can knock it
Put away your pocket rocket
I don't need double a's I don't need a socket
Wind me up I'm ready to go
We can stand up fuckin or we could lay on the floor
It's approximately almost 10 inches
It's wide and hard like gymnasium benches
I call that the hung lung driller
Magnum XL condom filler
Watch it change shape like Mike Jack Thriller
It's kerosene goin in and out I'm not gon' kil ya
Automatic pistol I aim to please
If sex is a weapon I'm WMDs

Oh yous a boy that's so kinky
Is that a hundred thousand dollars on your pinky baby
Take me home and just spank me
And everything I'm bout to do you gonna thank me baby
So just feel on it baby you can feel on it
Imma turn you out bet u break a tail on it
You never had nothing like this so come and feel on it

Baby's bottom is so big, round, and firm
When i slapped it sounded like (clap)
