Its ironic,
decisions and demand
An art test fired on the fan Took a trip to Miami
Got my ass beat at the twenty first grammys
My dick is so weak, so weak, so weak I put my own ass to sleep
Woke up around one, didnt hesitate to say that she didnt cum
Ridin down seven mile coast an, sippin on a potion, rubbin on some baby oil
lotion
And nothin seems, to work out
She smacked me in the face, and mirked out
Today was like one of those bad dreams, jackin off with a bowl full of whip
cream
Helicopter lookin for the murderer
Two in the mornin got the Cody allen burger
Even with the lights of the good year blimp, and in red, bizarre aint shit
Drunk as hell, and Im throwin up
Page your cat off, so you know it aint blowin up
I found that my best friend was gay
Today was a bad day.."
