

Waitin' on the bail whiles I sittin' in the county jail
Question my intuition "What have I gotten myself into this time
?"

One of those situations change your whole outlook on life
Despite the hardships we shall overcome, victorious
7th Sign Regime, the most notorious thugs you ever seen
Holdin' the lead, follow me, my nigga as we ride front, back, a
nd side to side
Ladies jockin, keep on bobbin' your head
Like the way we rock it? Yeah, bitch!
