

# Hard Times

Bizzy Bone

Yeah. One time. Man, I need to let you know, man, how much I love you, man  
I... I'm... I'm kinda fucked up right now, man  
And I just want you to know, you know what I'm saying, that you my everythin  
g  
And, I'll do anything for you, man. I'll die for you, kid

I've been living on the outside (In the rain, soaked in my game)  
I've been watching from the inside {You and I, boi. Ha ha.}  
(I've been knocking, ya'll keep watching me)  
{Shit nigga, thats my bloodline, nigga, ha ha}  
It's our time, talking about the hard times, times... oh, oh, oh  
{Grandpa. Ha ha. Macedonia. Acting like I don't know you nigga. Watch this.}

I've been known to rock shit, daddy let's get it poppin'  
pop-lockin' in the projects, duckin' shots  
Gangsta gangsta  
They tried to kill me, my ego never been ragin' since they raped me, baby  
Can you feel me? Fuck it, I can feel it; Love it or leave it  
Heavenly Father give me your power, Bryon's stuck in this war  
See the chloroform, neck tie, lions, and that's right  
What did I do to deserve what a day? No question in my mind

I've been living on the outside (In the rain, soaked in my game)  
I've been watching from the inside {You and I. Ha ha.}  
(I've been knocking, ya'll keep watching me)  
{What's up ya'll? You ready to rock?}  
It's our time, talking about the hard times, times...  
oh, oh, oh {....}

And as I ride for the prayers, rhyme sayers, time conveyers  
I'm nothing but slime, Boo Boo, up in my prime  
Drop a dime, make it work, babe, I'm nothing but dirt  
Take the back seat, I'm lookin' for Jesus Christ for sure

And you say that it changed, and you can't feel the rain; It's a shame, sham  
e  
I see the pain in your eyes, I can see it in the tears when you cry  
You my blood, you got love, let the motha'fucker try  
Yeah, it's been to hard livin', and I know that you scared  
Take a look around, but feel don't nobody care  
Look to the sky, but I feel that nobody answer your prayers  
Yes, money with these houses and your friends disappear  
And I know that you hear through the sounds in the air  
When you pass by, I know that you feelin' those stairs  
Let 'em try, you don't need 'em, you got family right here  
When life gets ugly, you need beautiful, just look in the mirror

I've been living on the outside (In the rain, soaked in my game)  
I've been watching from the inside  
(I've been knocking, ya'll keep watching me)  
It's our time, talking about the hard times, times...  
oh, oh, oh {....}

They say I'm beautiful, and who the fuck I'm speakin' with?  
Kiss me on the cheek like they' Judas? But Jesus, please keep it  
Beat her all up against for, baby it's fine  
Shot at mine with the world on its back, he still rides

Realize synchronation, and dedication of life  
What life, nigga? I blacked out from drinkin' liquor  
Where the circle at? Give me another, circle completed  
Where the fee at? Give me another fee, don't delete it. c'mon

I've been living on the outside {I miss you, man.} (In the rain, soaked in my game)  
I've been watching from the inside {You were my best friend.}  
(I've been knocking, ya'll keep watching me)  
It's our time, talking about the hard times, times...  
oh, oh, oh {....}

From sea to shining sea, to the depths of the destiny  
Keepin' on keepin' my boots on, you need me, it's on  
You know, I'm there most certainly  
Open the curtain, better believe that I'm hurtin'...
