In the name of our Lord and savior Jesus Christ
Sendin' shots out to my family members

I know you think somethin' may happen to me
I know you might think I'm crazy
You know it's ok though, you know what I'm sayin'
It's no matter where to the very, very end
Gon' love you, you already know that
You know what I'm sayin'
Yeah

Ruby's and sapphires, these jewels they never expire
my love is so Priceless, sister sledge, I ain't no liar
the time is so dire expire
While walkin' through that fire
I'm a keep it movin' boo, I'm not Tired
I remember the west side, I, I walkin' a wire video

I know you 'member me actin'
And I never just came to waltz in, came in blastin'
with a passion I put the (?) on
and quickly changed up the fashion, and I feel 'em

they Laughin' at me daily and deeply you don't beat me

wise as these Serpents, I gotta be humble as these doves
and I gotta-gotta, go to Make this money
I can bring back the paper, all the milk and the honey
And I'm walkin' in my sins again and I'm still strong
but baby I'm Hungry, I know you hungry
feelin' mummy and crumby and after so many Bad moods
bad spirits and bad news
peep up the shoe, shoe, my family
My blessing's the reason I manifested quick love songs
so quit stressin' I'm still present

Man, I never play you, you my boo, and I'm able to tell you that because
I truly, truly love you, see it's a such thing as being a virgin in a
Physical sense, and a virgin in a Spiritual sense, see that's something
That even if they knew about it and they read about it and they already
Caught on to, they'd never give that shit to you, you understand what I'm
Sayin', and you already know what it is, in times of need confess with
The tongue, in the name of the Father, the Holy Son, and the Holy Spirit
Amen, praise God in the name of our Lord and savior Jesus Christ, one
True God, holla back
