And I'm prayin' those same old enemies try [unverified] things
One of my friends is comin' with or without ya
Plus, I'm finna flip out then disappear in the rain

Those suckas can sue me, do me ain't seen a thing
Prison may make me loyal, murda may make me scream
I Been bustin with regime, fiend gonna rob me
For The Love Of \$, cash, shots around me

Rebel with a cause with a sawed off buckshot
Good side, pass off five shots
If I shot that boss glass eye go cock, cock, glock watch
Man's life shall squash

Now I've struck like war, pump like war, pump like war
And so, you follow me for triple dollar bill
What's your salary? You can holler then go fall when you talk
[Unverified] the general when the federal general's on a mission
[Unverified]
