I wish: I want to stay here  
I wish: This be enough  
I wish: I only love you  
I wish: Simplicity

Look at the speed out there  
It magnetizes me to it  
And I have no fear  
I'm only into this to

Enjoy

I wish I'd only look  
And didn't have to touch  
I wish I'd only smell this  
And didn't have to taste

How can I ignore?  
This is sex without touching  
I'm going to explore  
I'm only into this to

Enjoy
