

# Human Machine

Black Abyss

Human machine, give me a sign, teach me to speak, I will  
Human machine, what will I find, teach me to read  
Tell me the reason of my life, command me where to walk  
Tell me how to talk

WALK TALK SCREAM directed like a human machine  
WALK TALK SCREAM directed like a human machine

Human machine, confuse my mind, priorities, I can't find  
Human machine, destroyed memories, dead skin on steel  
Push me around down to the ground, command me where to walk  
Tell me how to talk

WALK TALK SCREAM directed like a human machine  
WALK TALK SCREAM directed like a human machine

Human machine, I'm in misery, stole my mind from me  
Human machine, too blind to see, a material world  
All we chase won't set us free, command me where to walk  
Tell me how to talk
