

# Rippers Punch

Black Abyss

Empty town, a random victim bleeds  
In the alley it was found  
Your silhouette your shape,  
You're so alone  
This is my sweet romance to  
Bring the harvest home

My way, my aim,  
Fatal error, your blame  
You're forced, to stay  
Your beautiful innocence  
Becomes your fatal trap

Rippers punch, loaded gun  
Now I start the rippers punch,  
Chainsaw run, havoc and bloodshed  
Rippers punch, loaded gun  
Now I start the rippers punch,  
Mordio, silence

Can't resist incurable disease  
Perverted lust, no release  
Torrent of wasted tears  
You're still alone  
This was my sweet romance  
Bone after bone

My way, my aim  
Fatal error, your blame  
You're forced, to stay  
Your beautiful innocence  
Becomes your fatal trap

Rippers punch, loaded gun  
Now I start the rippers punch  
Chainsaw run, havoc and bloodshed  
Rippers punch, loaded gun  
Now I start the rippers punch  
Mordio, silence

Rippers Punch - Loaded gun  
Rippers Punch - Chainsaw run  
Rippers Punch - Loaded gun  
Rippers Punch - Chainsaw run  
Mordio, silence
