

## Escape From Death

Black Breath

Breath is black  
Eyes are red  
I'm so used to being dead  
Beyond the grave is outta control  
Eating children  
Feeding the soul  
Hear me screaming in the night  
mistake of nature banned from light  
Lurking shadows  
Open door completely evil  
Skin grows cold...

Escape from death  
Taste it father  
Lick my flesh

Bulging eyes  
Rotting teeth  
Of human life, I'm a thief  
Fucking crazy  
Beyond the grave  
Kneel before the altar  
Kiss of shame  
Hear me screaming in the night  
Mistake of nature banned from light  
Lurking shadows  
Open door completely evil  
Skin grows cold...

Escape from death  
Taste it father  
Lick my flesh

There's a path from the grave  
Twisted ladder, awesome fate  
Seek the lurker at the door  
Feeding nightly on human souls  
Take their flesh for yourself  
They won't need it, never will

No...

Escape from death  
Taste it father  
Lick my flesh
