

Tell Me

Black Buddafly

Your the type that runs your mouth
About this is that
So curious that it makes me
Your silly words just get into my head
Let me tell you what I want to do instead
I wanna hear you say you love me
I wanna hear you say you want me
I wanna hear you say all the things you do
Keep me with you
Tell me will you

Tell me that I'm your only
Only...
Tell me that you are the one with your heart
Tell me your in love
That your in love
That your in love
That your in love
Oooooo

Tell me that you get me
Just like I got you whenever you want
Why don't you say it love?
Tell me your in love
That your in love
That your in love

Now your the type that talks to much
About everything and nothing
That's why you get caught up
In situations that'll do you wrong
Don't try and change it or I'll be gone
I like to hear you say something different
Like to hear you say yo I'm destined
Like to hear say everything you can
To make me listen
Tell me will you?

Tell me that I'm your only
Only...
Tell me that you are the one with your heart
Tell me your in love
That your in love
That your in love
That your in love
Oooooo
Tell me that you get me
Just like I got you whenever you want
Why don't you say it love?
Tell me your in love
That your in love
That your in love

And if it was all up to me
I...
Decide what you speak
I...

Don't wanna be a?
All I need you to do is
Stay...
Let me do it my way...
Boy, I don't stay anymore
Let me be yours and your mines
Baby...

Tell me that I'm your only
Only...
Tell me that you are the one with your heart
Tell me your in love
That your in love
That your in love
That your in love
Oooooo
Tell me that you get me
Just like I got you whenever you want
Why don't you say it love?
Tell me your in love
That your in love
That your in love (2x)

Tell me your in love
That your in love
That your in love
That your in love
Oooo

Tell me your in love
That your in love
That your in love
That your in love
Oooo
