

## The Circle

### Black Country Communion

Cloudless  
Nothing but sky over me  
Peacefulness  
How in this world could it be  
Nameless  
Ghostly, you shelter my flame  
I am helpless  
In the black light it's a shame

I'm in the middle of a dream  
I just don't know what it means  
I am at war with my fear  
And I'm lost in the circle again

Powerless  
Only the strong will prevail  
Childless  
Alone on this ship I will sail  
Faceless  
You try and reach for my soul  
I'm helpless  
In the black light down the hole

I'm in the middle of a dream  
I just don't know what it means  
I am at war with my fear  
And I'm lost in the circle again

Childless  
Alone on this ship I will sail  
Lord I'm helpless  
I'm lonely and feeling so frail

I'm in the middle of a dream  
I just don't know what it means  
I am at war with the fear  
And it can only appear  
And I'm lost in the circle again
